Office of Legislative Counsel

Wednesday - 3 June 1959

1. Talked with the Director urging that he see Senator Lyndon Johnson at a private and informal dinner. The Director agreed to do this and asked that the necessary arrangements be made and he would do whatever was necessary. If it appeared desirable to have an Agency individual present it was agreed we would try to have Mr. Bissell present. Three dates are tentatively available - 19, 22 and 24 June. Bissell's office has been alerted to this possibility.

3. Telephoned Mr. Kenna in the office of Representative Emilio Q. Daddario and in his absence left word with the secretary asking if she could establish a date for meeting of the DCI and Daddario at 11 o'clock on 10 June. The secretary stated she would confirm this.

4. Telephoned Representative Paul J. Kilday and asked him to suggest a time when it would be convenient to see Legislative Counsel. He indicated his direct interest in the Military Appropriations bill now being debated but suggested I call him at 9:30 on 5 June.

5. Telephoned Representative Walter H. Judd and advised him as a matter of information that the House Immigration Subcommittee was preparing to report out the [redacted] bill with an amendment to indicate that [redacted] was also known as [redacted]. Dr. Judd was most excited at this in view of the bill on [redacted]. He asked who was responsible for this, if it was permissible to ask, and under the circumstances I said that if he could properly protect me I would furnish the name and gave him the name of Congressman Feighan. He said he knew "Mike" well and would speak to him about it. I informed Judd we were also trying to have the true name deleted.

8. Called Roland Severy in the Bureau of the Budget concerning the Bureau of the Budget's draft bill on personnel policies and practices in Alaska. It was learned that the Bureau failed to include CIA on the mailing list for this material. However, Mr. Severy is sending us a copy on an informal basis.

9. [REDACTED] (PSI) called to say that Mr. John Lyman in the Navy Hydrographic Office had made a comment to some of our people to the effect that we should make available to Congressman George P. Miller (D., Calif.), Chairman of the Merchant Marine and Fisheries Subcommittee on Oceanography, two scientific reports entitled "The Soviet Research Submarine Severyanka" and "Sino-Soviet Bloc Research Ships." [REDACTED] is sending copies of this material to us so that we might better assess the situation.

10. Received a call from Miss Gatlin in the office of Senator Wayne Morse (D., Oregon) concerning a constituent of Senator Morse's who is interested in employment opportunities with the Agency. The constituent is [redacted]
